SUMMARY

Computer Science , skilled in JavaScript, Java, React.js, Node.js, and MongoDB.
Experienced in bui lding full-stack web applications and QR-based systems, with a strong interest in software development and problem-solving.
React.js • Node.js • Express.js • MongoDB • JavaScript • Java • REST APIs • Git • GitHub

EDUCATION

- Savitribai Phule Pune University
- Coursework: DSA, OOP, DBMS, OS, Computer Networks, Software Engineering, Web Technologies.

WORK EXPERIENCE

- **web Full Stack Developer** | BK Education & Welfare Society | 1 Years

Developing and maintaining full-stack web applications using React.js, Node.js, and MongoDB.

- **Java Full Stack Developer Intern |** Softcore Technologies | 6 Months

Worked on Java full-stack development, building web applications and gaining hands-on experience in frontend and backend technologies.

Technical Skills:

- Languages: Java, JavaScript
- Frontend: React.js, HTML, CSS, Bootstrap
- Backend: Node.js, Express.js
- Databases: MongoDB, PostgreSQL, MySQL
- Tools: Git, GitHub

PROJECTS

- BK CareerAcademy Website – Built a full-stack academy management platform for admissions, inquiries, and student data management using React.js, Node.js, and MongoDB.
- BK Attendance Management System – Developed a biometric attendance and payroll management system with real-time tracking using React.js, Node.js, and MongoDB.
- BK Science Academy Backend – Developed REST APIs and database solutions using Node.js and MongoDB for academy operations.
- BK Times – Built and maintained backend services for a news platform using Node.js and MongoDB.
- QR-Based Parking Management System – Developed a QR-based parking solution for vehicle tracking and parking management.
- Olive Cafe Website – Developed a responsive cafe website using React.js to showcase menu items, services, and customer information.
- Two-Wheeler Safety Airbag Project – Contributed to the development of a smart safety solution to improve rider protection.

Achievements & Strengths

- Led a team in the Innovation Incubation Cell to develop a smart road safety solution.
